

### **Background:**

Lanikai Juice began its commitment to decrease its impact on the environment and become a more energy efficient Company. Lanikai Juice – Kahala looks forward to improving efficiency in each new location, by using more eco-friendly supplies and services.

### **Green Initiatives:**

- ✦ Completed renovation to all stores, which include recycled koa wood counters, LED lighting and energy efficient air conditioning systems
- ✦ Recently purchased a new fuel efficient delivery vehicle which is environmentally friendly and also produces very low emissions and lessens our carbon footprint
- ✦ Converted from Styrofoam cups and bowls to recycled paper products which includes napkins, cutlery and cups and bowls
- ✦ They are using 100% recyclable content napkins, and paper towels.
- ✦ PET bottles have been replaced with glass bottles
- ✦ Partnered with Nalo Farms, in its pledge to use locally grown products for its smoothies, bowls and cold pressed juices
- ✦ Launched their own reusable mason jars. When a customer buys a mason jar, they are encouraged to reuse their mason jar when they buy smoothies or fruit salads
- ✦ Implemented their new recycled paper shopping bags in compliance with the Plastic Bag Ban, which became effective July 1, 2015
- ✦ All cups, bowls and lids to all bio-compostable PLA material.
- ✦ They now offer paper straws

Lanikai Juice is very community based and recently partnered with the Honolulu Marathon for running events. They also offer a free run club once a week in Kailua, Kahala, Kaka'ako and Kapolei locations.

Lanikai Juice is pleased to announce that it will be a friend and partner of the new Whole Foods Kaka'ako opening May 2018.
