

2019

## **Background:**

Whole Foods prides themselves in their sustainable practices at all their locations, their in-house bars are no exceptions. Puka's and Two Tides are held to the same operating standards as the grocery sections. They put a large emphasis on limiting waste, choosing to find second uses for their food and donating the rest.

## Green Highlights:

- Wide variety of local beer
- Donating excess food.
- Local products
