

# OUTRIGGER®

REEF WAIKIKI BEACH RESORT

Outrigger Reef Waikiki Beach Resort offers Hawaiian hospitality and timeless traditions on renowned Waikiki Beach. With 635 guest rooms and beautifully appointed suites, the beachfront resort features warm woods and vibrant colors that echo Oahu's stunning views from the mountain to the sea. Popular Kani Ka Pila Grille offers live entertainment nightly by legendary Hawaiian entertainers. Outrigger Reef Waikiki Beach Resort -- a refined resort experience with Aloha.

Sustainability: While sustainability and recycling activities at the Outrigger Reef Waikiki Beach Resort have been ongoing for many years, the resort's efforts significantly ramped up in 2006 when the property went through a major renovation. Since then, ongoing efforts to enhance sustainability at the resort have been spearheaded by an employee-led "green team" that is responsible for developing and ensuring that green practices on all scales are performed to protect the environment. Recent and continuing sustainable initiatives and improvements taking place at the Outrigger Reef Waikiki Beach Resort include:

Installation of ultra-low flow plumbing devices in all the guest rooms and public areas (as part of the renovation).

Conversion of 919 fixtures from 52 watt CFL to 10.5 watt LED in all hotel floor corridors.

Installation of an INNCOM system which adds comfort and control to each guest room temperature and humidity, with an option to shift to an energy-conserving mode while guests are out.

Installation to an OTIS Elevator compass system, designed to increase energy savings and efficiency by improving traffic flow.

Installation of motion lights in employee closets with automatic turn off when not in use.

Registered Kani Ka Pila Grille and The Reef Bar & Market Grill as Ocean Friendly Restaurants in Hawaii – Platinum Status.

Ongoing donation of books and baskets left behind by guests to our Military community.

Ongoing partnership with Friends of Hokulea and Hawai`iloa where speakers educate visitors and guests through interactive activities that teach ocean health and its importance.

Addition of new FloWater water dispensers for our guests in the fitness center, poolside and in the lobby to decrease plastic water bottle waste.

### **Solid Waste Reduction**

Office paper reduction by printing reports to PDF and printing double-sided. Purchased paper shredding machines and eco-friendly copy machines.

Ongoing partnership with Parents and Children Together (P.A.C.T.), a local nonprofit family services agency, by recycling bottles and cans and donating a portion of the proceeds to the agency.

One of the core values for Outrigger Hospitality Group is “wahi” or place, which states ‘we protect, care for and live in harmony with the land, our workplace, its people and cultures.’ Outrigger Reef Waikiki Beach Resort is committed to protecting Hawaii’s pristine environment and conserving its natural resources through various green initiatives and sustainability efforts. Recycling programs, water and energy conservation practices and other various efforts are a part of the resort’s normal operating procedures and best practices – all with the shared purpose of being a responsible business for Hawaii’s residents and visitors.
