

# Hokulani Waikiki by Hilton Grand Vacations Club

2019 Sustainability Efforts

Presented by

James Kaneshiro, Maintenance Manager

# Hokulani Waikiki

by Hilton Grand Vacations Club

- ▶ Located on Waikiki Beach Walk
- ▶ 143 units, comprised of luxurious one bedroom suites
- ▶ Rooftop outdoor lounge with a plunge pool and multiple cabanas, lobby lounge; exercise facilities, business center
- ▶ We are also host to “Il Tappo Italian Wine Bar and Restaurant” that’s located inside our hotel lobby

# Continuing Initiatives:

- ▶ LEDs, motion sensors and programmable lighting
- ▶ Energy Star appliances and electronics
- ▶ Guest room AC equipped with sensors
- ▶ All hosts provided with flasks to fill water
- ▶ Recycling bottles, cans and papers
- ▶ Beers on tap instead of bottles or cans at the bar
- ▶ Repurposing of damaged/stained linens and terries
- ▶ Donations to non-profit organizations

# 2019 Accomplishments

---

## Renovation of Soft Goods

Replaced: Area Rugs, Sleeper Sofas, Mattresses, Seat cushions, TV's and etc.

Items were sold to our hosts, hotels and liquidators. **Nothing thrown away.**

# LED Lighting Initiative

## Project – Retrofit Bathroom Vanity Lighting

- **Existing Lighting** – 1 UNIT- Total 6-T5 (286 watts) Florescent bulbs, avg consumption:  
**1.43 KWH per day or 74,434 KWH per year**
- **LED Retrofit Lighting** – 1 UNIT- 20FT (58.6 watts) LED strip tape, average consumption:  
**0.293 KWH per day or 15,088 KWH per year**

**With a calculated average saving of 59,346 KWH per year from the Retrofit.**

# LED Products

- Lighting
  - LED's – Blaze Basics 200 24V LED Tape Light
- Power Supply
  - ERP Slim Constant Voltage-24V LED Driver
- Hawaii Energy Credit
  - Cost of the project: \$22k
  - Rebate: \$14k

## Bottle Filler / Water Drinking Fountain

### Project:

Reduce plastic waste

Add convenience and efficiency

- **Existing Equipment**

Water dispenser with 5 gallon jugs

- **New Equipment**

bottle filler / water fountain – wall mounted,  
filtered water dispenser, w/bottles saved counter.

**All water dispensers on the property are now filtered,  
and hard lined to eliminate single use bottles.**

# Dispenser Used:

## Project

- ELKAY Bottle Filler plus Water Fountain
  - Auto-fill for the bottle feature
  - Auto light for dim locations
  - Changeable filters for purified water
- Installation requires power, water supply and drain
- Benefits
  - Multi purpose – drinking fountain/bottle filler
  - No yearly service contract – serviced in house
  - Easy to clean and maintain

# Future Plans:

- ▶ **Exchanging our Heat Pumps** for greater efficiency with our Hot Water System.
- ▶ **Hot water capacity expansion** to reduce run times of the heat pumps to reduce electricity consumption
- ▶ **Clean the World foundation** collecting used bar soaps from guest rooms which get cleaned and sanitized, then shipped and donated to children in need around the world.
