Fax: (808) 586-2536  
Web: [energy.hawaii.gov](http://energy.hawaii.gov)

Aloha:

With the current COVID-19 situation, we know that you are preparing for and preventing the spread of the virus, and are taking the precautionary measures to ensure everyone's health and safety.

Since many are working remotely from home, we have compiled a collective list of resources that may be useful in dealing with COVID-19, and how you can achieve a sustainable and efficient environment both at home and at work.

Considering the situation, the quarantine, and sheltering in place, we have extended the Hawaii Green Business Program (HGBP) checklist submission deadline to June 30, 2020. This will give ample time for those who are still interested in submitting a checklist.

Additionally, we are planning on hosting online webinars on topics such as: COVID-19, Sustainability, and Safety and Security. If you have any other suggested topics for potential discussion, please let us know.

Should you have any questions and/or need assistance with completing the checklist, feel free to email [gail.suzuki-jones@hawaii.gov](mailto:gail.suzuki-jones@hawaii.gov) or [christopher.e.bartolome.intern@hawaii.gov](mailto:christopher.e.bartolome.intern@hawaii.gov).

Please stay safe and take care!
