Background:

The Fresh Shave offers a healthier alternative to Hawai'i's most famous treat. They strive to use organic ingredients and local farm fresh produce in all their products. Good-bye high fructose corn syrup and artificial coloring, hello simple and pure ingredients!

Highlights

- Use organic ingredients whenever possible.
- Source as many ingredients as possible locally. No single-use plastics ever: they use paper straws and wooden spoons.
- A Surfrider platinum-level-certified Ocean Friendly Restaurant.
- For all private-events they operate catering services off the grid, and even use a manual ice shaver!
- School partnerships for fundraising, incentives (Kalaheo School Battle of the Books, Koloa School Annual Fundraiser), and mini business lessons (the Lorax).
- Monthly program with Little Miso Bookmobile to promote early literacy skills within the greater community.
- The creation of 'A Keiki Guide to the Hawaiian Islands' to encourage families to travel through Hawai'i with intention.

Annual Sponsorship of Kalaheo School's Battle of the Books
