GRAND VACATIONS

Hokulani Waikiki

Background:

Hokulani Waikiki, a Hilton Grand Vacations Club, is an upscale vacation ownership resort, this “Heavenly Star of Waikiki” perfectly blends traditional Hawaiian ambiance with contemporary flair. Ideally located at the exciting Waikiki Beach Walk®. Steps away from surf, sand and shopping, yet accessible to all of O`ahu's diverse sights and sounds. The resort has some of the best staff in the business, offering excellent and personable service with 143 one-bedroom condo-like suites.

Sustainability: Hokulani Waikiki is committed to caring for the environment as we opened the property as a LEED Certified in 2014. Starting with mostly international clientele who are environmentally conscious, Hokulani Waikiki has made great steps to running a green business for the best interest of their guests and to care for our environment.

Highlights:

Hokulani Waikiki's commitment:

- Renovation was delayed one year due to good condition and to prevent unnecessary waste of furniture and building materials.
- Renovations involved old furniture to be given to schools and liquidators for furniture to be reused.
- Updated kitchen refrigerator by getting rid of a separate refrigerator and freezer to an Energy Star energy efficient unit.
- Along with personalized water coolers and reusable eating utensil kits given to all team members to lessen waste, we provided all team members personalized mugs.
- Hilton LightStay is the monitoring system for utilities and ensuring that resources are used efficiently and consistently. LightStay requires the property to also implement and complete sustainability projects such as replacing appliances with more energy efficient products, etc.
- Air conditioning systems have occupancy sensors to automatically shut off when no motion has been detected after a length of time.
- Lobby glass doors are open only during special events for AC efficiency.
- Back office and storage areas as well as public areas have occupancy sensors for lights.
- Energy Star rated electronics and appliances for all guest rooms and facilities.
- Recycling encouraged in all guest rooms with instructions on bins to use to separate recyclable and other items.
- Recycling bins have been installed on each floor, back of the house areas, offices, and guest facilities.
- All recycle cans and bottles are picked up by Reynolds.
- Bulk amenity bottles and soap bars are recycled and sent to Clean the World.
- Pool Bar: no cans, only BIBs and beers on tap.
- Pool Bar serves beverages in reusable polycarbonate plasticwares instead of disposable cups. Disposable cups are biodegradable and are only used during the last 30 minutes before closing.
- Pool Bar grows mint for mojito cocktails.
- All reusable hotel items such as furniture, kitchenware, building equipment, linen and towels were donated to local charities.
- Used roll toilet papers and paper towels from guest rooms and facilities are used for back of the house paper products.

Hokulani Waikiki's commitment:

- Paper products with 30% or higher recycled content.
- Access picks up paper waste for recycling.
- PDF for signing and approving versus printed materials and physical signature.
- Garden area (a.k.a. Hokulani Farms) is maintained by the team to grow edible plants and replant plants deemed to be discarded.
- Mesh filtered coffee brewers for less waste versus pod type coffee brewers.
- Housekeeping cleaning products are environmentally friendly.
- Participated in various HGV Serves community service events such as Genki Balls, Charity Walk (also, donations by team members), Boys and Girls Club of Hawaii, WOW Beach Cleanups, etc. Guests are also invited to volunteer with them.
- Participate in the Aloha Festivals Royal Court Protocol at the Beachwalk for cultural awareness for their guests.

Hokulani Waikiki, a Hilton Grand Vacations Club, looks forward to participating in the future with Hawai'i Green Business Program.
